Board Meeting – 1st Tuesday of the month, 7 pm (6 pm dinner) Village Restaurant
Conservation Committee Meeting – 3rd Thursday of the month, 7 pm Village Restaurant

Meeting: June 23rd, 2009 @ Chuck Wagon Inn
Wet Fly – 6:00 p.m. Meeting – 7:00 p.m.

From The President
Dr. Doug Nordy

New Meeting Place / Old Location

Sometimes “old watering holes” make for great fishing and memorable gatherings. The need for a new meeting place was rather abrupt when we were locked out of the PIG for our May meeting and found refuge at Alf’s Pizza on Broadway. It was a tight fit but we completed our usual agenda with few complaints. Our search was already in motion for a new location but hadn’t anticipated for that quick a change. Yah, we were banking on the new Elks facility taking us back but they say it won’t be until the fall before their banquet area will be up and running and it may cost a little more. Of a number of possible locations on short notice the “old” Chuck Wagon Inn on Evergreen Way in south Everett is the best fit, with great menu options at a fair price (chicken, fish, and prime rib dinners with salad for under \$15). Parking is available in front and back of the restaurant and on the north side of the fence in the back. Do not park in the bank lot as they will charge for their space even after hours! Hope nobody gets lost with this quick change. Spread the word to everyone you know.

- Fish Often, Dr. Doug

Conservation By Jesse Scott

The annual cleanup of the North Fork of the Stilly is scheduled for Saturday, June 27th . We'll meet at Charlie Ricketts for breakfast at 8 a.m. then team up and hit the river. After the trash is picked up, we'll return to Charlie's to consolidate the loads. Charlie has even agreed to have some refreshments on our return. So come on out and meet Mr. Charles and enjoy his hospitality.

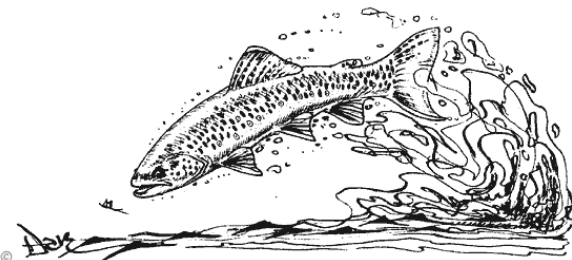

Here's a great chance to share fishing stories over breakfast and meet new members. Don't worry if you do not have a truck, you can pair up with someone. Remember we will cover all the drifts so if you are not familiar with the North Fork this is your opportunity to learn. A stick with a nail in it, gloves, and knee boots are recommended. The river is open, so bring a rod and spend the rest of the day fishing.

[There is a map to Charlie's on the back of this newsletter.](#)

Hope to see you there.

For Sale

For Sale: 10' wooden pram built by Smith Brothers. Includes oars, fore and aft anchors, and wheeled dolly to move boat. \$600. Call Jesse Scott, (425) 745-6092 or gardenfly@comcast.net

Speaker for June By Rob Gamage

June brings us a guest speaker that works for the Stillaguamish Tribe, Kip Killebrew. Kip has worked for the tribe for 16 years and is the

Stillaguamish Hatchery Fisheries Biologist. As the tribe's enhancement biologist, he oversees the tribal hatchery and natural stock restoration program. Kip also gives tours of the

hatchery and provides technical advice to the tribal natural resource manager, fisheries director, and staff on fisheries enhancement issues.

Kip will give a presentation on the history of the Stillaguamish Watershed, our home river. He also has a presentation on the effects that global warming could have on the watershed and possible things we can do to counteract those things.

Come early to get a good seat at The Chuckwagon to get a good view of the PowerPoint presentation

Publication By Bruce Turner

After some considerable thought the club has decided to publish the Swirl Tips by e-mail to all members that have e-mail. The few that do not will continue to receive ST via the snail mail. This move will be effective starting with the September issue.

If you would like to receive ST by regular mail please let me know. Thank-you

Fly Tying Contest By John Gattinella

At last month's pizza party, we had our monthly fly tying contest which was a dragonfly nymph. We had some great-looking flies to be judged. In another very close contest, Doug Nordstrom was our fly tying winner. Congratulations, Doug!

This month's fly-tying contest is your favorite dry fly. This is the time of the year when we are seeing lots of hatches occurring: on the rivers, there's various stoneflies/yellow sallies and salmonflies, as well as mayfly and caddis hatches, while on the lakes, there are plenty of caddis, midges, and damselfly flying around, and of course, that short-run of Hexagenias on some lakes. So this is your opportunity to tie your favorite dry fly. Who knows, you might win \$25!

Cutthroat Award Artwork By Bob Banks

The Cutthroat Award artwork will be available to members in print form. This was a scene painted by Mr. Dub Price many years ago. These are very high quality "giclee" prints done by a local printer who does prints for artists around the Northwest. The cost of the prints will be \$10 for an 8X10, \$18 for an 11X14, and \$40 for a 16X20. The price includes the tax. The prints are unframed and will be reproduced on watercolor paper. I will have the 3 different print sizes at the next meeting for interested individuals to look at. Contact Bob Banks for information and/or ordering.

Awards Committee By Roy Morris Jr.

Looking forward to my work as the new Awards Committee Chair. I have been in contact with several members to get feedback. Lots of good ideas coming in and I welcome more. Please contact me by phone or email. We are planning to conduct the awards this year as we have historically.
