Meeting: Aug 25th, 2009 @ The Chuck Wagon
Wet Fly – 6:00 p.m. Meeting – 7:00 p.m.

Speaker for August

By Rob Gamage

Leland Miyawaki will be our speaker for the August meeting. Leland works as the fly fishing dept. manager of the Bellevue Orvis store and is also a licensed guide where he is an expert on

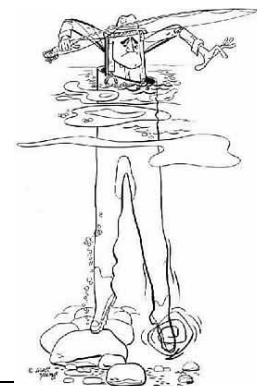

fishing Puget Sound beaches for resident Coho and Searun Cutthroat using a dry line and a pattern of his own design, the “Miyawaki Beach Popper”. Leland is truly passionate about this style of fishing and has been refining his pattern and fishing technique for the past eighteen years on many of our own Puget Sound beaches.

For those of you that are interested in the tying techniques he use on the “Miyawaki Beach Popper”, Leland will be giving a fly tying demonstration during the “Wet Fly” hour.

For his presentation, he will share a PowerPoint presentation detailing the aspects of fishing our Puget Sound beaches with his flies and time tested techniques. As he puts it, “It’s the most fun you can have on a beach with your waders on”.

**For Sell
By Owner**

2 piece 7 foot 3 weight Heritage Rod with silver Morado reel with click pawl drag, #3 weight forward floating line \$165.00

**Fish Awards
By Roy Morris**

Who's getting one?

Oh yes. The people who send in the affidavits with the largest fish.

Remember the categories?

Remember who holds the Club Records for various categories?

Look at last month's issue of Swirl Tips for that information.

Get an affidavit and send it in. Become part of the Club's history.

Please send me comments that you think will improve our annual awards.

Still need some members for this committee. Email me if you're interested.

We hope to make recommendations to the Board this year for any changes to our practices. If no changes are needed, then we will not make any.

Roy Morris
Awards Committee Chair
231 Vista Drive
Sekiu WA 98381

Publications By Bruce Turner

Hi all. Well this will be the first month the news letter will be published mostly with E-mail. I think this is a great way to cut our club costs and at the same time save a few trees. I will be able to make the publication include more graphics so please send me pictures of your outings.

I would like to include in the news letter a feature called **Picture Of The Month** but it will take *you* to send them in. So keep that in mind when you are out and about. Thanks

Tucquala Lake by Salmon la Sac

Lake Ingalls 31 miles north of Cle Elum

Fly Tying Contest By John Gattinella

August and September are great months for Coastal Cutthroat fishing. This is a “protected fish”, and must be released in salt water, Coastal Cutthroat are willing and aggressive players for your flies along the beaches of Puget Sound. This month’s fly is your favorite salt water bait fish imitation. From Sand Lances to Candle Fish, and there are hundreds more, these bait fish patterns will bring the “cutts” to you. Choose your favorite, and have fun!
